*"The walls, ceiling, and floor all have a pattern of various geometric shapes in gray and brown colors. The pattern on the walls is composed of various irregular pentagons, while the ceiling features a repeating pattern of half pentagons and circles. The floor has a pattern of various irregular shapes, including circles, triangles, and polygons."*

*"The walls are white, the ceiling is white, and the floor is a light wood color. The walls have a smooth texture and are free of any decorations or paintings. The ceiling is also smooth and flat, with no texture or pattern. The floor, made of light wood, has a slightly rough texture and is patterned with a series of parallel lines."*

*"The walls, ceiling, and floor are all covered with white tiles. The tiles on the walls have a square pattern, while those on the ceiling and floor are rectangular. However, the pattern on the floor is different from that on the wall, with the floor having a simpler square pattern. The ceiling is white, and the walls are also white, with no other colors visible in the image."*

*"The walls are decorated with blue and white striped wallpaper, the ceiling is white, and the floor is a light brown hardwood."*
